Introduction

Community Living Windsor's Accessibility Policy guides the agency's work in the areas of accessibility. The Accessibility Policy Statement, approved by the Board of Directors, is the agency's commitment statement and is as follows:

"Community Living Windsor is committed to being responsive to the diverse needs of all by providing to the best of its ability barrier free access to services, supports and employment. In the most accessible environment possible and based on the key principals of dignity, independence, integration and equal opportunity, the Agency will comply with the requirements of the Accessibility for Ontarians with Disabilities Act, 2005, (AODA), the Ontario Human Rights Code and other legislative requirements."

Description of Community Living Windsor

Community Living Windsor was incorporated in 1953 to support people who have an intellectual disability and their families. The agency has a strong membership governed by a volunteer Board of Directors elected annually and consisting of family members, self-advocates and community leaders. Our community vision is: *"Where everyone belongs and has support within their community to achieve a better life."*

The agency supports over 600 people and families as they pursue possibilities, make choices, and achieve the life they want while participating in all aspects of their community. Services and supports are provided by over 450 employees. Supports are person-directed and include 24-hour supported living, residential supports, community participation, employment supports, family supports, supported independent living and passport.

Accessibility Goals

Community Living Windsor is dedicated to meeting the needs of people with disabilities in a timely manner and will do so by working to prevent and remove barriers to accessibility through advocacy work and as available resources allow.

Purpose

The purpose of the Accessibility Plan is to identify and address accessibility issues in the community including locations owned/leased/operated by Community Living Windsor. The agency is dedicated to identifying and removing barriers that limit and restrict the ability of people with disabilities from fully accessing the community and our locations. This plan identifies the following:

- Barriers that were addressed or removed by the agency over the past year;
- Barriers that have been identified and Community Living Windsor intends to address as well as new ones brought to the agency's attention. Completion deadlines may or may not be in place;
- Barriers that have been identified but the agency is unable to address at this time.

Definitions

1. **Barrier:** An obstacle that prevents a person with a disability from doing the day-to-day activities that many take for granted. A barrier may make it difficult or impossible for people with disabilities to take part in society, to go shopping, work or take public transportation.
2. **Performance Management:** The methods the agency uses to assess and improve an employee's performance, productivity, effectiveness and overall success.
3. **Career Development:** Providing employees learning and development opportunities and increasing their current job responsibilities.
4. **Job Changes:** Moving an employee to another position within the agency.

Assessment

Community Living Windsor has extensive experience in accessibility matters due to more than sixty years in the provision of supports and services to people who have an intellectual disability that may also include mobility and health related challenges. Methods and tools that may be used by the agency to identify accessibility barriers could include:

- An accessibility survey distributed to various stakeholders;

- People supported, families and staff identify any potential barriers and report them to the Manager, and/or the Accessibility Committee;
- The Accessibility Committee meets regularly to be an objective resource in all matters concerning accessibility, which would include identifying any barriers, including attitudinal barriers;
- The Joint Health and Safety Committee conduct regular inspections of all agency locations and any barriers would be recorded for action;
- Annual review of the multiyear accessibility plan.

Community Living Windsor will uphold the customer service standards of the Accessibility for Ontarians with Disabilities Act.
