

LETTER OF AUTHORIZATION FOR VISITOR SELF-SPECIMEN COLLECTION

Visitor's name:

Visitor's Date of Birth:

Visitor's email (will send copy):

Location address to be visited:

I, the above-named visitor, have read and understood all materials in the **Panbio Test Training for Families** document, including the video component. I attest that I understand that testing is mandatory for all visitors (except where there is an approved accommodation based on protected grounds), and that I will be required to wait outside or in my vehicle for 15-minutes pending test results if a visit will follow . I have had the opportunity to ask any questions and I feel comfortable in collecting specimens for testing for the purposes of the Panbio test.

I understand that I must bring this signed letter with me to each visit.

Signed:

Dated:

CLW Manager Use Only

Having discussed the training and provided the opportunity to ask/answer any questions, I am confident the above-named person can competently complete specimen collection for the purposes of the Panbio testing. Therefore, I authorize CLW employees to permit this person to self-collect their specimen.
